

For biosecurity standards and Covid-19 protocols:

GEO-PARK CONTRACTORS ARE AWARDED THE BUREAU VERITAS SAFEGUARD CERTIFICATION

Bogota, Colombia -January 5, 2021 – Renowned international certification and inspection entity Bureau Veritas has granted its Safeguard certification to 9 GeoPark contractors that provide different types of services in the Llanos 34 block in Casanare department. The companies that obtained the certification were Top Drilling, Sur Energy, Seguridad del Pentagono, SAR Energy, OMIA, M&M Montajes y Mantenimiento Electricos, Falck Services, CIAM and Atina Energy. This certification recognizes compliance with good practices, biosafety standards and the implementation of protocols aimed at preventing Covid-19 by contractors in the fulfilment of their work.

Bureau Veritas carried out rigorous evaluations of guidelines and the implementation of protocols designed to prevent, mitigate, control and adequately manage the risks associated with the Covid-19 pandemic. GeoPark accompanied each contractor in this process, strengthening its commitment to the health and well-being of its workers, contractors and neighboring communities.

The Bureau Veritas methodology for this certification includes conducting interviews in operations and with office staff, the review and verification of documentation, visits to operations, and compliance with training in biosafety protocols and current sector regulations.

GeoPark is committed to the development of the companies in its value chain and will continue to work responsibly alongside its partners during the health emergency, in order to uphold safe and sustainable operations in the country.

ABOUT GEO-PARK

GeoPark is a leading independent Latin American oil and gas explorer, operator and consolidator with operations and growth platforms in Colombia, Argentina, Brazil, Chile and Ecuador. As part of its mission to "Create Value and Give Back", the company develops sustainable social investment programs in conjunction with the State and local authorities and communities, which aim to promote positive changes in the areas in which it has activities.
